

Titus 2:4

"That they may teach the young women to be sober, to love their husbands, to love their children..."

Titus 2:4

A WELCOME GUIDE FOR NEW SISTERS

A sisterhood rooted in faith,
growing towards God's design for love and marriage.

A Letter to You, Sister

Welcome home.

Beloved sister, we're so glad you're here. Titus 2:4 is more than an app — it's a digital sisterhood. A place where women across cities, life-stages, and seasons gather to pray together, encourage one another, study Scripture, and grow in God's design for love, marriage, and family.

You don't have to figure it out alone. This guide will walk you, gently, through every part of the app — what each section is for, how to use it, and small tips from sisters who've been here before you. Take your time. Read the parts you need. Come back to it whenever you'd like.

She is clothed with strength and dignity, and she laughs without fear of the future.

— Proverbs 31:25

A Sister's Promise

Closing words

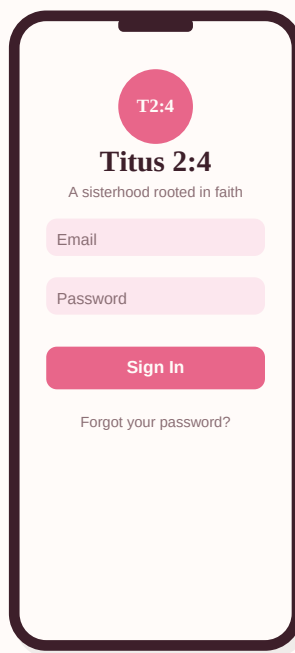

01 Getting Started

Welcome aboard — your first three minutes.

Before anything else, you'll create your account and tell us a little about who you are. This helps your sisters across the world know who they're praying with.

Creating your account

- 1 Open the app and tap **Sign Up** at the bottom of the welcome screen.
- 2 Enter your **first name**, **email**, and a **password** (at least 6 characters — something only you would know).
- 3 Tap **Create Account**. We'll send a quick email asking you to confirm it's really you.
- 4 Open that email and tap the link. You'll be brought back into the app, signed in.

The sign-in screen

Forgot your password?

It happens to the best of us. On the sign-in screen, tap "**Forgot your password?**", enter your email, and tap **Send Reset Link**. Check your inbox (and spam folder, just in case) for an email from Titus 2:4. Tap the link, choose a new password, and you're back in.

Sister tip

Use the same email you check most often. Password resets, prayer notifications, and event reminders will all come there.

Telling us about yourself

After signing in for the first time, we'll ask for a **city and country** (or just a country if you'd rather keep it general), and you can add a profile photo. None of this is required for everything — you can fill in more later from the **Profile** tab.

02 Your Home & Daily Devotional

Where each day begins.

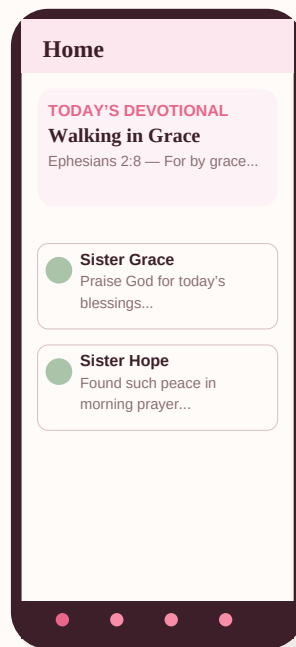

When you open the app, the **Home** tab is the first thing you see. Think of it as your front door — a gentle place to begin.

What you'll find here

- **Today's Devotional** — a short scripture, reflection, and prayer prepared for the day.
- **This Week** — a glimpse of upcoming events, birthdays, and celebrations among your sisters.
- **Recent activity** — the latest posts, prayer requests, and group check-ins, gathered in one feed so you don't miss a thing.

Reading the devotional

Tap the devotional card on Home, or open the **Devotional** tab. Each one includes a **theme**, a **scripture passage**, a **reflection**, an **affirmation** to carry through your day, and a closing **prayer**.

Your Home feed

A gentle rhythm

Try reading the devotional first thing with your morning tea, then return in the evening to share what God showed you in Community.

This is the day that the Lord has made; let us rejoice and be glad in it.

— Psalm 118:24

03 Community

Sharing the everyday with one another.

The **Community** tab is where sisters share life. A blessing from this morning. A photograph of a sunset that reminded you of God's faithfulness. A worship song on your heart. A question you're wrestling with. There's no pressure to post — reading and reacting is just as much a part of being here.

Sharing a post

- 1 Tap the + button (or the writing area) at the top of the Community feed.
- 2 Type what's on your heart. Add a photo if you'd like — tap the image icon.
- 3 Tap **Share**. Your post appears immediately at the top of the feed.

Reacting and commenting

Beneath every post you'll see small icons — a heart, a praise hand, an amen, a hug. Tap any of them to send love to the sister who shared. To leave words, tap the **speech bubble** and write a comment. Replies are nested, so a conversation can unfold without getting tangled.

A note on our tone

We aim to encourage, never to tear down. If a post is asking for advice, lead with prayer and gentleness. If something a sister wrote troubles you, reach out privately or speak to one of the elders — don't debate in the comments.

Therefore encourage one another and build each other up, just as in fact you are doing.

— 1 Thessalonians 5:11

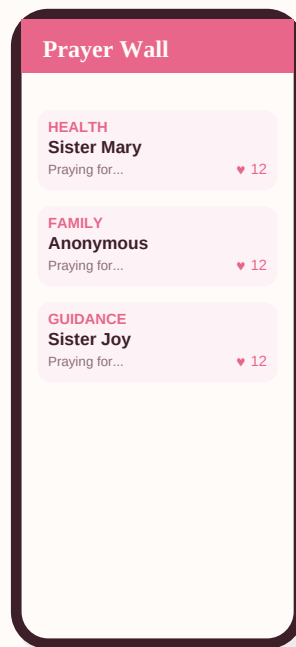

04 The Prayer Wall

Where we lift each other up before the Lord.

The **Prayer Wall** is the heart of Titus 2:4. Every sister carries something — a husband's health, a child's wandering, a job interview, a longing for a baby. Bring it here. Watch how the body of Christ holds you.

Submitting a request

- 1 Open the **Prayer** tab and tap **+ New Prayer Request**.
- 2 Choose a **category** — Health, Family, Marriage, Guidance, Praise, Other — so sisters can find what speaks to them.
- 3 Type your request. Tap the **Anonymous** toggle if you'd rather not be named (your sisters will still pray; only your name is hidden).
- 4 Tap **Share**. Your request joins the wall.

The Prayer Wall

When God answers

Open your request and tap **Mark as Answered**. Your testimony will move into the **Praise Reports** section, encouraging every sister who reads it.

Praying for a sister

Tap the **praying-hands** icon on any request. The sister who posted is gently notified that someone is interceding for her. You can also tap **Send encouragement** to leave a short scripture or note. Your name appears — sisters love knowing who is standing with them.

Confess your sins to each other and pray for each other so that you may be healed.

— James 5:16

05 Groups

Smaller circles. Deeper bonds.

Sometimes the wider sisterhood is exactly what you need. Other times, you long for a smaller circle — a few sisters who know your name, your story, and what to pray for week by week. That's what **Groups** are for.

Finding a group

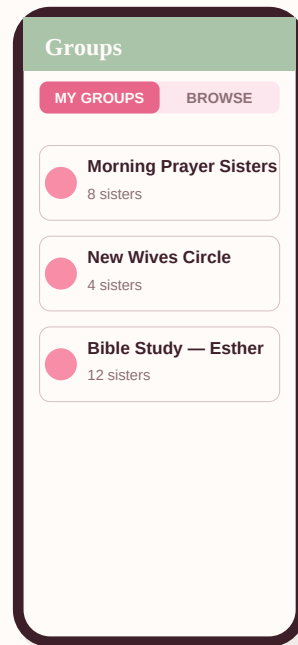

- 1 Open the **Groups** tab. If you're not yet in any, you'll land on **Browse**.
- 2 Scroll through public groups — each shows its name, a short description, and how many sisters have joined.
- 3 Tap a group that speaks to your season, then tap **Join**.

Inside a group

Once you're in, the group has its own little discussion space. Share **check-ins** (short updates on how the week's going), respond to other sisters, and pray specifically for one another.

Leaving a group

Seasons change. If a group no longer fits, open it and tap **Leave Group** at the bottom. You can rejoin later if it's a public group, and your past messages stay so the conversation isn't broken for the others.

Browsing groups

♥ Private groups

Some groups are private — you'll need to be invited by a leader. These are usually for specific seasons (newlyweds, expectant mothers, grief and loss). If one calls to you, ask an elder.

06 Events & Bible Study

Gathering and growing in the Word.

Events

The **Events** tab lists every gathering on the calendar — brunches, worship nights, prayer walks, retreats, in-person meet-ups in your city. Each event card shows the date, time, location, and how many sisters have RSVP'd.

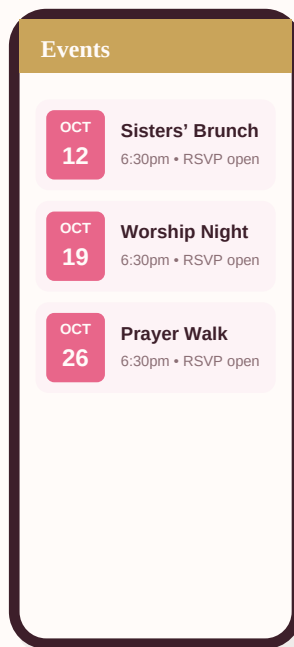

To RSVP

- 1 Tap any event to open it.
- 2 Tap **Going**, **Maybe**, or **Can't make it**.
- 3 Optional: tap **Set reminder** to be nudged a few hours before.

Bible Study

The **Study** tab holds guided studies through Scripture — sometimes a book of the Bible, sometimes a theme like prayer, marriage, or motherhood. Each study is broken into daily readings.

- 1 Tap a study you'd like to begin and tap **Enrol**.
- 2 Each day, open Day 1, 2, 3... read the scripture, the reflection, and the journal prompt.
- 3 Tap **Mark complete** when you've sat with it. You can write a short reflection too — only you see it.

Upcoming events

Your word is a lamp for my feet, a light on my path.

— Psalm 119:105

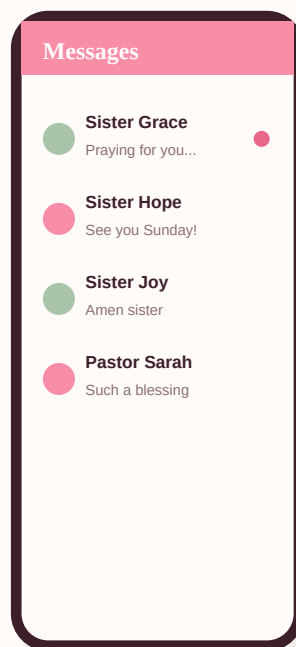

07 Messages, Profile & Notifications

Staying connected.

Direct Messages

For private conversations — a check-in, a personal prayer request, a one-on-one encouragement — use **Messages**.

- 1 Find a sister you'd like to message: open her profile from a post, comment, or the Directory, then tap **Message**.
- 2 Type and tap send. New messages appear in real time and you'll be notified when she replies.

Your conversations

Your Profile

Open the **Profile** tab to update your photo, your city, your favourite verse, or a short bio. You can also change to dark mode here, and review your earned badges (yes — there are gentle little badges for showing up faithfully).

Notifications

The **bell** in the top corner shows when something new happens for you — someone reacted to your post, prayed for your request, replied to your comment, or messaged you. Tap any notification to jump straight to it.

Quiet hours

You can mute notifications during quiet hours from your Profile settings. God speaks in silence too.

A Sister's Promise

Before you put this guide down...

Sister, this app is a **tool** — a beautiful, useful, sometimes imperfect tool. The real work happens in your prayer closet, in your home, in the cup of tea you share with the sister God places in front of you. We hope Titus 2:4 helps you find each other.

If something breaks, doesn't feel right, or you have an idea to make it better — use **Ask Elders** and tell us. This is our home together. We tend it together.

And let us consider how we may spur one another on toward love and good deeds, not giving up meeting together.

— Hebrews 10:24-25

Welcome home, sister. We're so glad you're here.
